

Federal Communication Commision
Washington, USA

Dear Sr.

Our mission is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

In the past two years Special Olympics and WKAQ TV Chanel 2 have an excellent relation in what WKAQ have supported our programs especially in the promotion of our program and the Special Olympics Puerto Rico Teams that held to the 2007 Special Olympics World Games.

We are very proud to be part of WKAQ TV, as organization to receive this support.

We are troubled concern that additional federal regulation requirements may make it harder to create additional challenges for WKAQ-TV and its community service.

If you need more information don't hesitate to contact us at (787)754-3244.

Cordially yours,

Milagros González
Executive Director
